SUBJECT: ANDRESCH

TO : UNWCC, Landsdowne House, Berkeley Sq., London W, England

1. Reference is made to your letter dated 26 Nov. 46, your ref. 3.57.

2. It is regretted that that this office letter No. CR. 3090 made reference to the wrong list no. and serial no. The Wanted Person who is considered possibly identical with the POW in US custody is listed in List 25 Serial 799.

3. The name of person listed as wanted by France is shown as "ANDRESCU" whereas a Wanted Report filed with this office by France in respect of the same person spells the name "ANDRESCH".

4. It is therefore considered quite feasible that the POW and the Wanted Person are identical.

5. This office letter No. CR. 3090 may please be amended and normal action taken. The French Authorities have been advised separately.

Would you kindly look at paragraph No. 3, which is slightly new, before I arrange for another circular.

C.M.J.

Miss Jack

I don't think these letters
should be included in our Circular -

It would be quite sufficient if
you transmit copy of the first one
to J.H.G. Office for information and
necessary action.

Attention: War Crimes Section.

Ref your JAG/VW/16171/16 of 9 May 1947

The above names alleged War Criminal will be listed by CROWCASS pending the decision of the United Nations War Crimes Commission as to whether or not there is sufficient evidence to warrant his listing as a War Criminal or material witness.

It is pointed out that in order to secure extradition you must submit to The United Nations War Crimes Commission dossiers with charges concerning offences committed by persons wanted. The United Nations War Crimes Commission in accordance with its terms of reference decides whether there appears to be either prima facie evidence sufficient to justify the handing over for trial of individuals accused of War Crimes or else sufficient ground to consider the wanted persons as suspects or material witnesses.
